

## My survivorship

| When I was told I was officially a survivor, I felt |          |
|---|----------|
|   |          |
|   |          |
|   |          |
|   |          |
| The hardest part of my journey was                  |          |
|   |          |
|   |          |
|   |          |
|   |          |
| I am most proud that I                              |          |
|   |          |
|   |          |
|   |          |
|   |          |
| One lesson my journey with ALL has taught           | t me is  |
|   |          |
|   |          |
|   |          |
|   |          |
| My goals now include                                |          |
|   |          |
|   |          |
|   |          |
|   |          |
|   |          |
| For someone just starting treatment, my a           | dvice is |
|   |          |
|   |          |
|   |          |
